CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

One hundred and ninety-one conventions, which will be attended by delegates from all parts of the world, have voted to hold their sessions in San Francisco in 1915. The organizations are varied in character and include civic, religious, social service, educational, fraternal, business, labor, commercial, agricultrual, live stock and scores of other interests.

AN UNJUST DISCRIMINATION.

Representative Bailey of Penneylvania is the author of a bill recently introduced in the lower house of Congress to extend the free delivery of mail to all towns and villages having a population of 1000 or over. In introducing his bill Mr. Bailey took occasion to explain the leading reasons which impelled its preparation. certainly furnishing some good logic.

Mr. Bailey justly contends that free delivery of mail in the larger cities and in rural districts, without similar free service in the smaller towns, is gross dircrimination. Under the present limitations of the free delivery service there certainly is injustice to the smaller towns which puts them at a serious disadvantage.

City delivery service, says Congressman Bailey, is now in operation in 1709 cities, serving approximately 47,000,000 of people, at a cost of $38,000,000. Experimental delivery is in operation in 114 communities, at a cost of $90,000. Officials of the postoffice department estimate that there are 6,600 communities, with an average population of 2,000, where there is no carrier service. Estimating that it would require an average of two carriers, at a cost of $600 per annum each, to serve each of these communities should such a delivery be established, the total cost would be something less than $8,000,000 per year. These 6600 communities have a population of about 13,000,000.

Certainly no good reason can be advanced why these 13,000,000 people should be denied the privileges of free delivery. In proportion to their population, these communities are bearing an equal burden with the free delivery communities in the support of the government and should be entitled to its benefits and advantages.

As Congressman Bailey points out, the discrimination against these smaller towns virtually amounts to a higher rate of postage for their inhabitants. In fact it might be said that the present discrimination is greater than if the inhabitants of these towns were compelled to pay 3 cents postage where free delivery communities now pay 2 cents, if in reality the hardship is not a greater one.. Would it not be well for the residents of communities which are now suffering from this discrimination to unite in a campaign urging upon their representatives in Congress the passage of this bill.

DALY CITY MUNICIPAL RULE IS TOO COSTLY.

Believing that their experiment in municipal government has proved a costly mistake, a large number of property owners of Daly City met Monday in mass meeting at Knowles' hall and argued in favor of the disincorporation of the town Petitions prepared by the Daly City Taxpayers' Improvement Club were circulated and will be submitted to every citizen and property owner in the municipality, the aim being to force the town trustees to call a special election, when the question of disincorporation can be submitted.

The keynote of the speeches was the diserepancy between the town taxes and the county taxes, the former being in some cases four times as much as the latter.

Daly City has turned over the regulation of its public utilities to the State Railroad Commission, and according to the speakers, there is no further use for a municipal government.

Former Resident Dead.

Anthony P. Logan who has lived in La Honda at Sears' hotel for the past 14 years, suffered a stroke of apoplexy Wednesday and died. Mr. Logan was a native of Missouri, aged 67 years. In his early life he was an orchardist and accumulated sufficient means to pass his declining years in ease. He was well known to all in the neighborhood of La Honda. The body was shipped to San Jose Thursday for burial.

Special attractions will be the rule, rather than the exception, at the Bell Theater for the coming week, some strong additions being made to the usual program. For this evening a splendid Keystone comedy act will be added to the regular four reel show. The bill will also be a strong one for Sunday evening, when five reels will be shown, a great Gaumont comedy reel being the special attraction. These will be popular price nights as usual.

SAN MATEO AND BURLINGAME.

The city council of Burlingame at its last meeting passed a stringent dog muzzling ordinance. The new law requires that all dogs running at large, whether licensed or not, must be provided with a wire muzzle and provides severe penalties for nonobservance. The recent discovery that a dog affected with rabies had been running at large and had probably bitten other dogs was the prompting cause of the action of the council.

Several days ago Mr. Borel asked all the neighboring children, numbering nearly 150, to wire to Santa Clause asking for their heart's desire. He promised to deliver the letters, and, indeed, he must have done so, because all the youngsters went away happy. The Rev. W. H. Cambridge, the rector of St. Matthew's, played the role of Santa Clause, and Mrs. Borel, Mrs. Aylett Cotton Jr., Mrs. John Lewis, the Misses Borel and Mrs. Antone Borel Jr. dispensed ice cream and cake to all.

The dearth of robins in this locality this season is causing great surprise. Not in the memory of the "oldest inhabitant" has the bird failed to appear during the winter time. The great abundance of red berries has even failed to tempt the little red breast to come from his home in the far north. The bird is a songster and therefore cannot be hunted or killed according to the federal laws. There is therefore no reason why the little fellow should stay away.

At a meeting of the board of supervisors held last Monday the Federal Construction Company, the firm that constructed the state highway, was awarded the contract to reconstruct the Middlefield road from Redwood City to the San Francisquito creek. Mr. MacBain strenuously objected to this, declaring that he had nearly 120 miles of roads to take care of and that it was an injustice to have him pay a part of his funds to complete a road for which the county voted bonds to constrtct. He was successful in having the board make an order that the full amount of the contract would be paid from the county bond fund. The distruct owes Mr. MacBain a vote of thanks for successfully combatting the move of the advisory committee. LOS GATOS LOCAL TRAINS WILL BE DISCONTINUED

On January 4th the Southern Pacific branch line trains operating between Mayfield and Los Gatos will be discontinued owing to lack of patronage. The through train service between Santa Cruz and San Francisco over this line (two trains southbound and one train northbound) will be continued.

The Passenger Department of the Southern Pacific Company announce that in order to take care of the traffic between Palo Alto, Los Altos and Los Gatos, it has made arrangements with the Peninsula Electric Railroad, effective the same date for interchange at Palo Alto and Los Gatos. The Peninsula Electric will make close connections at Palo Alto with as many steam line trains to and from San Francisco as have heretofore been met at Mayfield with the branch line steam service and in addition passengers will have the advantage of the other trains operating over the Peninsula Electric, their tickets being good on all Peninsula Electric trains.

The running time of the electric trains between Palo Alto and Los Gatos, utilizing the new line recently completed between Monte Vista and Congress Junction, will be approximately the same as that of the steam line, and as the Peninsula Electric serves the same communities as the steam line and the tracks are alongside for more than two thirds of the distance, the new eelctric service will fully take care of the traffic.

It is further announced that between Congress Junction and Vasona Junction, a distance of less than three miles, there are three flag stops, not immediately served by electric line, the through trains between Santa Cruz and San Francisco that have heretofore not stopped at these stations (Pollard Road, Quito Road and Quito) will do so beginning with the 4th proximo, giving them the benefit of the fast through service to and from San Francisco.

The foothill section between and including Saratoga and Los Gatos will be greatly benefited by openingofthe through line in that for the first time it will have through direct electric railway service to and from Palo Alto, connecting at Palo Alto with the trains up and down the peninsula.

Resolutions of Condolence

To the officers and members of Redwood City Aerie, No. 418, F. O. E.—We, your committee appointed to draft resolutions of condolence to the memory of our late brother, Harry Wallace Taggart, beg to submit the following:
Whereas, God in His infinite wisdom has seen fit to remove from our midst brother Harry Wallace Taggart, worthy Physician of this Aerie; and
Whereas, The members of this fraternity sincerely mourn the sad event, which is a common loss to all of us who have met him socially and officially, it is due that we, as officers and members of this Aerie, officially give expression to our sorrow, that the same may be perpetuated of record;
Now, therefore, It is the will of this Aerie that in the death of our late brother, Harry Wallace Taggart, we have lost an honest man, a worthy citizen, a sincere friend and a faithful officer; that he was ever zealous for the welfare and prosperity of our order and its members;
Be it resolved, That to the bereaved family of our brother and to his relatives, we extend only what friends may tender under such circumstances, our sincere sympathy and condolence, and in so doing beg them to remember that while their loss is irreparable, that the hearts of many people, poor and mighty, also suffer, and that widows' tears, children's cries and man's sighs have expressed common grief, affliction and desolation;
And be it further resolved, That we, who have been brother Eagles with our late brother Taggart, in conclusion desire to add our humble tribute to his worth as a man and as our Physician; we ever found him cheerful, considerate, friendly and self-sacrificing;
And be it further resolved, That in respect to our late brother and Physician, the charter of this Aerie be draped in mourning for a period of thirty days; that these resolutions be engrossed in full upon the minutes of this Aerie and that a copy thereof be forwarded to the family of our deceased brother.
Respectfully submitted in L. T. J. and E., E. H. Werder, Jno. J. Reynolds, Rob't J. Boehm, Committee on Resolutions.

DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season.
To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.
Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.
W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again."
Try Vinol with the certainty that if it does not benefit you we will give back your money.
P. S. For Eczema of Scalp try our Saxo Salve. We guarantee it.
